Nova Retail Policy - Purchasing

Policy 1.1 Reorder trigger. A purchase review is required when stock falls to or below the reorder level.

Policy 1.2 Target cover. Reorder quantities should restore 14 days of expected demand after the supplier lead time.

Policy 1.3 Approval limits. Purchase orders up to USD 2,500 may be approved by the operations manager; larger orders need the owner.

Policy 1.4 Safety buffer. Add a 3-day safety buffer to every supplier lead time when judging stockout risk.

Nova Retail Policy - Returns and Service

Policy 2.1 Returns. Customers may return unused products within 30 days for a full refund.

Policy 2.2 Service levels. Customer messages must receive a first reply within 2 business days.

Policy 2.3 Complaint review. A product with three or more quality complaints in a month must be reviewed with the supplier.

Policy 2.4 Actions. Reorders, supplier emails and customer follow-ups are drafts until a manager approves them.
